DIRECTOR'S OFFICE

To: Ms. Kathy Cleere, Emergency Action Center

Thru: Mr. Michael Upshaw, Region I Director

From: James Jones, Senior Warden, HV Unit

Subject: Offender Death – Natural Attended

Persons Involved: Offender Martone, Michael David TDCJ #1395315 – Serving a 25 year sentence for Intoxication Manslaughter with a Deadly Weapon

Employees: N/A

Offenders (Witness): N/A

#### Summary:

On August 8, 2011, at approximately 1815 hours, Offender Martone, Michael TDCJ #1395315 was inside his assigned cell of G-1-4 and told the officer assigned to the cellblock, Officer Collard, Kerry that he felt bad and had been feeling bad for the past day or so. Sgt. Ford, Thomas responded to the cellblock and escorted the offender to the unit infirmary. Nurse McCleskey, LVN was inside the infirmary and instructed Sgt. Ford to call the Estelle Unit RMF and let them evaluate the offender. Nurse Rye, RN, from Estelle Unit via the DMS video screen, evaluated Offender Martone and advised him to rest as much as possible and to increase his water intake. Offender Martone acknowledged the instructions and he was escorted back to his assigned cellblock.

Later that evening, at approximately 1930 hours, Officer Collard observed Offender Martone holding on to the window sill in the dayroom, with two offenders assisting him by holding him up. Officer Collard immediately requested assistance from a supervisor and additional staff. Medical staff had departed the facility for the day. Sgt. Roundtree, Clifton arrived and requested a wheelchair. While waiting for the wheelchair, Offender Martone began to fall in and out of consciousness, and had a difficult time answering questions. Offender Martone was then sat down on a locker box. The wheelchair arrived and the offender's condition deteriorated further and he lost complete consciousness. Sgt. Roundtree then requested a back board and gurney. Sgt. Roundtree then initiated incident command and instructed Sgt. Ford to call 911. The back board arrived and the offender was secured to it. Lieutenant Proctor, Michael arrived and assumed command of the incident. Lt. Proctor then assessed Offender Martone's condition and noted that he was breathing and had a steady pulse, but was unconscious. The back board was then carried

to the gurney and the gurney was then taken to the infirmary. While awaiting Walker County Emergency Medical Services, Lt. Proctor continued to confirm the offender still had a pulse and was breathing. Lt. Proctor instructed Officer Ellis, Patricia CO3 to obtain some ice packs, which were placed under Offender Martone's arms, on his neck area, and on his groin area, in the event that this incident was heat related. The paramedics arrived to the infirmary at 2020 hours and the offender was placed on the ambulance. The ambulance departed the unit at 2045 hours en route to the Huntsville Municipal Airport to transfer Offender Martone to Herman Memorial Hospital-Houston via helicopter. Lt. Simmons, Kevin sent Third Shift Officer Bake, Gary CO4 to the airport to provide security over Offender Martone on the life flight. The helicopter departed the airport at 2115 hours. The transport arrived at Herman Memorial at approximately 2155 hours. The offender was escorted inside the hospital. Offender Martone then lost all vital signs and Cardio Pulmonary Resuscitation was started at 2203 hours. Efforts to revive the offender were continued but unsuccessful. Offender Martone was pronounced deceased by Dr. George, Libby at 2222 hours. Officer Bake gathered the required information and notified Lt. Simmons of the death at 2235 hours. Lt. Simmons then began the notification process as follows:

August 8, 2011

2237 – Warden Jones notified by Lt. Simmons  
 2239 – Region 1 Director Upshaw notified by Warden Jones  
 2245 – Chaplain Hart notified by Lt. Simmons  
 2248 – OIG Officer Shawaker notified by Lt. Simmons  
 2359 – Carnes Funeral Home notified by Lt. Simmons

August 9, 2011

0118 – EAC staff member K. Crumbley notified by Lt. Simmons  
 0835 – Next of Kin Roxanne Martone (Daughter) notified by Chaplain Hart

The preliminary cause of death (as reported by the attending physician at Herman Memorial) was heat stroke and cardiac arrest. An autopsy order was not objected to by the next of kin. Warden Jones, James and Sgt. Simington, Michael drove to Herman Memorial Hospital to assist in providing security and gathering documentation.

Due to the extreme temperatures and heat indexes, added precautions were initiated in June 2011. All offenders who are prescribed psychotropic medication are being housed on the first row of their designated cellblocks. The 'security check' portion of the I-216 "Daily Activity Log" is being completed by cellblock officers to document required security checks of these offenders. Water coolers have been placed on every cellblock in the institution and they contain ice water. They are re-filled as needed. Staff is trained daily on recognizing the signs and symptoms of heat-related illnesses. Offenders are also provided training on how to stay hydrated during extremely hot weather.

**Dear Ms. Martone:**

As a chaplain of the Huntsville Unit, part of my responsibility is to minister to all who are in need. Therefore, on behalf of the unit wardens, the staff, and myself, we give our heartfelt condolences to you and to your family over the death of your loved one.

Please know, in the next few weeks, when things may seem somewhat unbearable, our prayers will be with you and your family. While speaking with you, I know you felt a great deal of compassion and grief over the passing of your loved one. May you seek God's abiding presence and love during this time.

You and your family will certainly be in our prayers. May God's peace be upon you and may you seek His comfort.

Sincerely,

  
Chaplain Hart  
Huntsville Unit

On the date listed above at around 6:15pm I took offender Martone #1395315 to the unit infirmary from G1-4. The offender told me he was having a hard time breathing, dizzy, short of breath, and was feeling very dry despite drinking mass amounts of water. When I got to the infirmary nurse McKluskey refused to see the offender or check his vitals. She told me I needed to call the Estelle RMF and let them DMS him because she had other work to do. I notified Lt. Proctor and she told him the same thing. I then took the offender to the DMS room where he was seen by nurse Rye. The nurse told the offender that it didn't appear to be anything serious and that he needed to drink plenty of water and just sleep and to see medical when they returned in the morning. The offender then returned back to the house. I was called again to come check on the offender because he told the wing officer, Officer Collard, he was struggling to breathe at around 7:40pm but because I was conducting the unit count I requested Sgt. Roundtree to go to the cell to check on the offender.

On 8/8/2011, I Sergeant Clifton Roundtree responded to a request for a supervisor to G-line from Officer Kerry Collard about 7:30 pm for an offender who he thought was having a seizure. When I arrived the offender was holding on to the window sill with two other offenders assisting him by holding him up. Offender Martone was conscious and appeared to be having what I thought at first to be a seizure also. I asked the offender if he was alright. He responded with a dazed look, but nodded yes. Knowing that the offender would not be able to stand on his own, I requested a wheelchair to take him to the Huntsville Unit Infirmary to be seen by D.M.S. As we waited for the wheelchair, offender Martone started losing consciousness going in and out. So Officer Collard and I sat offender Martone on a locker box for his safety. When we attempted to sit him down, the offender kept holding on to the window sill mumbling sounds like he thought he was falling back, and I told the offender to let go of the windowsill and sit down. Just before the wheelchair arrived, the offender lost all consciousness, so I requested a gurney and a medical board. At this time, I instructed Sergeant Thomas Ford to call 9-1-1. After the medical board arrived, we laid the offender down and slid him out into the breezeway of Five Building. At this time Lieutenant Michael Proctor and CO 3 Anne Quick arrived on the scene and Lt. Proctor asked me if the offender was breathing, and he checked offender Martone's vitals. I explained to Lt. Proctor my knowledge of the situation of how the offender was awake when I first arrived, and how in about 7 to 8 minutes he became unconscious. Lt. Proctor, Officer Quick, and myself, with some help from 3 other offenders, lifted the offender up and carried him out to the front entrance of Five Building, where we lifted the offender onto the gurney. The offender was wheeled to the infirmary where Officer Joseph Boudreaux, Officer Quick, myself, and Officer Patricia Ellis placed bags of ice on the offender to cool him off while we waited on the paramedics to arrive. The ambulance arrived and they took over the situation.

On August 8, 2011, at approximately 1935, I, Lieutenant Michael Proctor, responded to a call for a supervisor from Sergeant Clifton Roundtree to the Bottom of Five Building and at G-Line. Upon my arrival, offender Martone, Michael #1395315 was lying on a medical backboard in the entrance to G-Line unconscious but breathing and having a steady pulse. Sergeant Roundtree advised me that he had come to G-Line due to offender Martone possibly having a seizure, and that he had called for a wheelchair to get offender Martone to the Huntsville Unit Infirmary. Sergeant Roundtree further advised me that offender Martone was conscious and somewhat alert when he called for a wheelchair, but that by the time the wheelchair arrived, offender Martone's condition had deteriorated to the point that the offender became unconscious and the incident command system had to be initiated, and Sergeant Thomas Ford called 9-1-1. By this time, Officer Patricia Ellis CO III and Officer Anne Quick CO III arrived with a gurney, which was left at the entrance to Five Building. I again confirmed that offender Martone was breathing and had a steady pulse. Sergeant Roundtree, Officers Ellis and Quick, and myself, along with several offenders, carried offender Martone on the backboard out of Five Building and placed him on the gurney, at which time offender Martone was taken to the infirmary. Once in the infirmary, I told Sgt. Roundtree, Officer Ellis, and Officer Joseph Boudreaux CO IV, who had arrived at the infirmary, to get ice packs, which were placed under offender Martone's arms, on his neck area, and on his groin area, in the event that this incident was heat related, and I again confirmed that offender Martone was breathing and had a steady pulse. At this time, I notified Warden James Jones and advised him of the incident. Paramedics arrived at approximately 2020 and, after their assessment, advised me that they did not believe that the incident was heat related. Offender Martone, who was still breathing, was then placed inside the ambulance and it departed the unit at 2045 en route to the Huntsville airport to be transferred to a Life Flight helicopter in order to be flown to Herman Memorial Hospital. It was at this time that I returned to my normal duties. The Life Flight departed the Huntsville airport at approximately 2115.

On August 8, 2011 at approximately 7:25 pm I officer Patricia Ellis COIV was asked by Sergeant Thomas Ford to take a wheelchair to g-line bottom of five building. I was working the upper yard at this time. When I arrived to bottom of five building offender Martone, Michael Telc # 1395315 was slightly responsive sitting on a lockerbox in the offender dayroom. I was ordered by Sergeant Clifton Roundtree to go to the Huntsville Unit infirmary to get a backboard along with a gurney because the offender could not assist himself to the wheelchair. I then went and got the backboard and gurney from the HUI. I placed the gurney outside of bottom of five building and took the backboard to g line where at this time the offender was unresponsive but still breathing. The offender was placed on the backboard from the help of several offenders, Sgt. Roundtree, and myself. At that time Sgt. Roundtree called for an ambulance and the offender was moved outside of the cell block. Lieutenant Proctor and time Quick COIII arrived on the scene. The offender was thenamed out of five building by several offenders, Lieutenant Proctor, Sergeant Roundtree, Ms. Quick, and myself. At this time the offender was placed on the gurney and strapped down. The offender was then wheeled to the HUI and at this time instructed Officer Joseph Bondreaux COII, and myself by Lieutenant Proctor to get ice to place on offender Martone. Shortly after this I went to west yard to assist with getting the ambulance inside the unit. I then resumed to my normal duties.

On Monday, August 8, 2011 at approximately 1930 hours. I, Anne Quick, COII went to the bottom of 5 building to respond to an ICS on G-line.

When I arrived at the bottom of 5 building, I saw Officer Patricia Ellis and Lieutenant Michael Proctor tending to Offender MARTONE, Michael, TDCJ # 1395315, trying to secure him to a back board. Offender Martone appeared to be unconscious at this time.

After securing Offender Martone to the back board, Lieutenant Proctor, Officer Ellis and I. carried him to the outside of 5 building. He was then placed on a gurney and moved to the Infirmary.

At this point I left the infirmary and returned to my regular duties.

On 8/8/11, at approximately 2000 hours security staff responded to cell G-1-4 where offender Martone, Michael TDCJ# 1395315, W/M/57/G2 in was complaining of dizziness and shortness of breath. During transport to unit medical department, offender Martone lost consciousness. ICS was initiated. Offender Martone was placed on a backboard and taken to a gurney. 911 was contacted and EMS was activated. Offender Martone was transported via gurney to unit medical department to await arrival of EMS. Offender Martone was observed as being very warm to touch, and ice packs were applied. EMS arrived on unit, and they began treatment to offender Martone. A decision was made to take offender Martone to Huntsville Municipal Airport where he would be life-flighted to Herman Memorial Hospital in Houston. Upon arrival to Herman Memorial Hospital, offender Martone lost all vital signs, and CPR was initiated. Offender Martone was pronounced deceased by the attending physician at 2222 hours. Cause of death may have been a result of heat, due to offender Martone's body temperature being 108 degrees. At 1900 hours, the unit recorded a temperature of 102 degrees, humidity was 20%, and the heat index was 99 degrees. On going attempts are being made to reach offender Martone's next of kin.
